Cyprus Title Deeds

YOUR TITLE DEEDS ARE WAITING FOR YOU!!!

Recently, the Cyprus government made temporary amendments to the legislation, giving all property owners 6 months from 08/04/2011 to apply for separate title deeds without waiting for the developer.

Remember that title deeds are the only way for you to be 100% safe, and to have the absolute rights where you can sell or mortgage your property without asking the developer for consent!

The procedure involves filing multiple application forms in the Greek language, with the help of a registered engineer or architect, who must also sign an affidavit to verify the accuracy of the application.

It is common knowledge that dealing with Cypriot government authorities can be tiring and frustrating. You don't need to feel the pressure of all the paper work and correspondence involved. Let us do it for you!

Considering there is a deadline on when you can apply, we can ensure that your applications will be accurately completed and submitted on time if you let us help you. Have the confidence that our team will complete the job faster and cheaper than other companies. We have spent a lot of time and money to understand the laws thoroughly and to translate them into English and Russian, so that we can provide you with the best service.
